Municipal know-how
for host communities
in the Middle East
PROGRAMME

Draft Agenda

Connective Cities Study Tour & Project Workshop Integration of Refugees and Social Cohesion

Berlin, Germany, 12-15 February 2019

This Connective Cities event consists of a two-day study tour for Turkish municipalities as well as a subsequent two-day project workshop for German and Turkish municipalities in Berlin, Germany, within the framework of the Municipal know-how for host communities in the Middle East Programme and in cooperation with the Qudra Programme and UCLG-MEWA.

The event interfaces with a [dialogue event in Istanbul from November 8-10, 2018 organized by GIZ Qudra, UCLG-MEWA and Connective Cities](#). In the course of the event, German and Turkish municipal practitioners exchanged technical knowledge and developed project ideas.

Turkish and German municipalities are now being invited to present their existing or new project ideas, and to continue to work on the specification and possible joint implementation. The goal of the project workshop is to develop concrete project ideas, which can be the starting point for a partnership project.
